

GG14 Flush Fit Steel Grab Handle

Features

- Fully recessed grab handle, large enough to hold with gloved hand
- Resilient moulded covering for user-friendly feel
- Completely corrosion resistant and shaped to allow run-off of water

Material

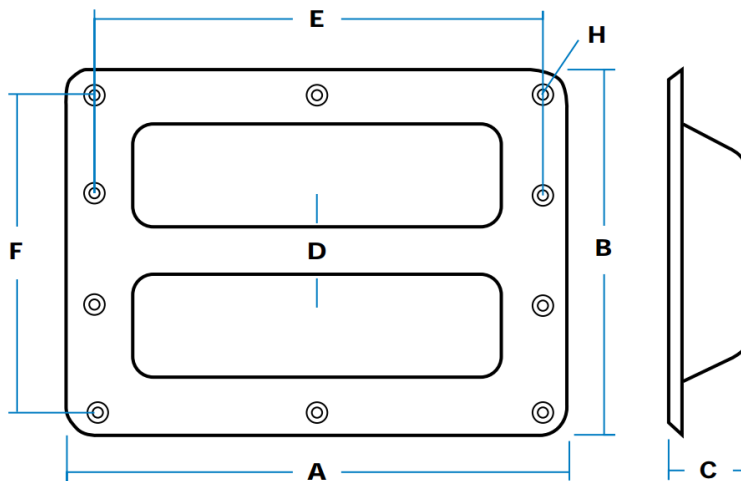

- Galvanized steel frame, encapsulated in synthetic rubber
- Smooth, semi-glass finish

Product Performance

- Load capacity:
 - Parallel to fixing - 610 kg before significant distortion
 - Recommended safe working load - max. 200 kg
- Thermal testing:
 - Cycled between 15°C and -30°C without embrittlement
 - Does not soften below 70°C

Notes

- Fixing through recessed holes in rim
- Use stainless steel or plated screws/rivets to avoid corrosion stains
