

GB12 Stainless Steel Padlockable T-Handle

Features

- Padlockable loop enables doors to be secured, with visible evidence that locking has taken place
- Stainless steel material ensures corrosion resistance and suitability for applications including marine and food processing
- Fully plant-on with either open or concealed fixing options
- Free rotation through 360°

Material

- Stainless steel 300 series, bright polished

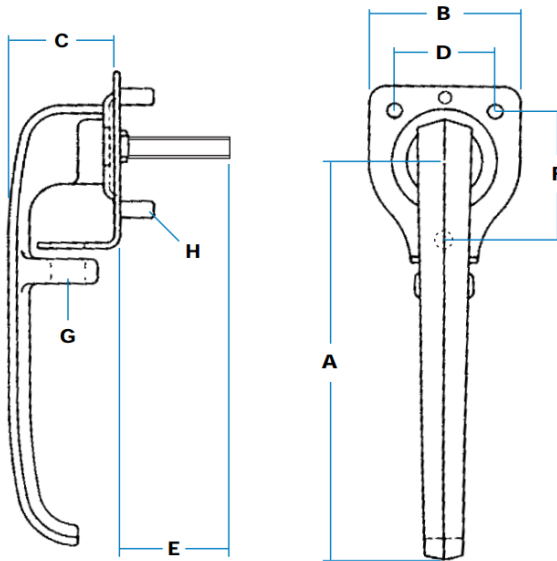

Notes

- Fix through mounting holes in (open) escutcheon plate, or with studs on concealed fixing versions
- Concealed-fix models have O-ring and gasket for sealing against dust/water ingress.
- **Contact Gripwell sales for cam pawl and centre-case options**
