

GD5 Large Budget Latch

Features

- With exceptionally strong construction, this model suits heavy applications and where a stronger, more substantial bolt is required to resist abuse
- Application uses include large storage containers, bus engine and luggage compartments
- Very substantially constructed with 3 mm steel plates for full length of latch, four steel pillar rivets to prevent 'bowing' and distortion, and forged 8 mm brass bolt
- Handed for 90° operation, LH / RH as shown operated by standard 8 mm square follow bush
- Fixing through 5 mm holes, these can be enlarged or countersunk to special order

Material

- Steel, zinc-plated, with chemically-blackened spring
