

## GB15 Heavy Duty T-Handle (Titan Series 185mm)

### Features

- The full-length versions of the 'Titan' series have 'tail' turned inwards for good appearance and to reduce surface projection
- Metal section at the base of the handle casting is more than twice usual thickness, preventing fracture and resisting lateral loads
- Large size, wide section for good grip, convenience of external mounting but with screws fully concealed when locked, doubled-sided keys as standard
- 180° rotation as standard, rotation can be limited to 90°, LH/RH, or to the special '180° horizontal' option. Handles lock at each 90° position.

### Notes

- Fix through countersunk holes at 44 mm centres, which are completely hidden when handle is locked. Neoprene gasket supplied.
- 'FT' double-sided keys as standard with 'shuttered' keyway. Alternatively 'FS', or 'DLP' key types also available
- **Contact Gripwell sales for cam pawl and centre-case options**

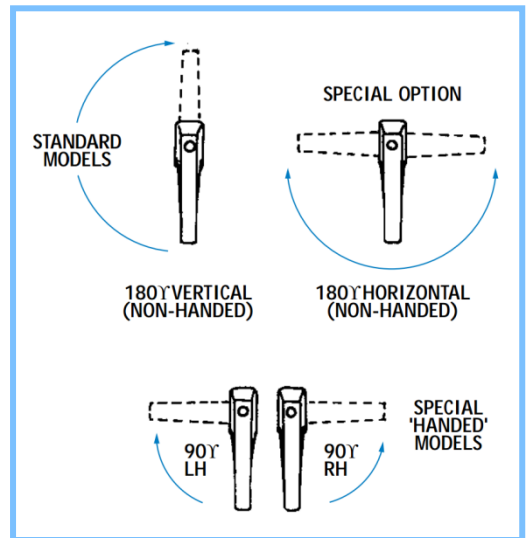

**GB15-G01038**  
(Non-locking handle)

**GB15-G01037**  
(Locking handle)

Mounting holes at 44 mm centres are totally hidden when handle is locked

Handles operate through 180° as standard (non-handed). Rotation can be limited to 90° LH (clockwise) or 90° RH (anticlockwise), or to special order, to 180° horizontal movement as shown. Handles will lock in each 90° position.

## Die Cast Cams & Heavy Duty Cam Pawls

### Features

- Our die cast cams provide the simplest way of securing an enclosure door. They fit onto a plain, 8 mm-square shaft, and are clamped into position with the integral socket screw. A version is available with hole threaded M8, to suit corresponding round shaft.
- The range of heavy steel cams (below) is normally fitted to our 'drop-T' series, but they can be used with any 8 mm square shaft, normally threaded M10 with securing nuts to allow for adjustment and retention. Finish is bright zinc-plated.
- All cams are fitted with hexagon-head grub screw, adjusted by 3/32" Allen key (threaded 10/32 UNF x 3/8")

**G27296**  
(Small cam)

**G00837**  
(Large cam)

| Part No.      | Description                    | A  | A1 | B  | C  | D  | E  | F |
