

6905 Flushed Mounted T-Handle Latch (With Roller Cam)

Features

- Flushed mounted folding T-handle with rectangular receptacle and roller cam
- Similar to **6903 Series** except instead of standard metal cam part, comes with an adjustable nylon roller which allows a smoother, noise-free action
- Water resistant construction, available for single- or multipoint systems
- Multi-point system comes with rods and rod guides
- Available as key locking

Material

- Rectangular pan: Steel, zinc plated or stainless steel

Part No.	Type	Pan Material	Key
