

GD16 Top Mount Claw Latch

Features

- Ideal for top-opening compartments, these latches can be mounted on lid or base without danger or injury from sharp edges, while striker can be placed below opening line
- Also suits sliding doors and roller shutters
- Claw engages with striker and is released by pressure on top trigger or can be operated remotely via cable to hole in trigger plate
- Slam-action against pin or loop striker plate
- Both 'hands' available as illustrated

Material

- Latch body and striker: Steel, zinc plated
- Moulded cover: Black PVC

Product Performance

- Transverse load (direct pull): Excess of 6,000 N
- Maximum force on trigger to release: 2.5 kg

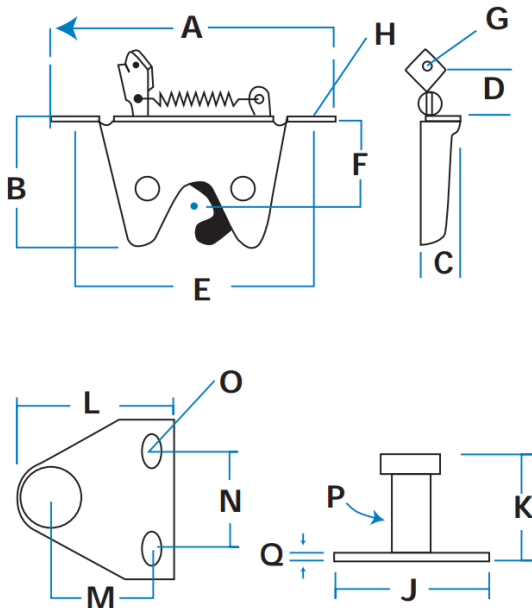

Notes

- Plant-on fixing through elongated holes in top flanges
- Striker **G00724** sold separately
- Moulded buffer (without latch) can also be purchased separately - **G21787**
