

SSPI Interlock

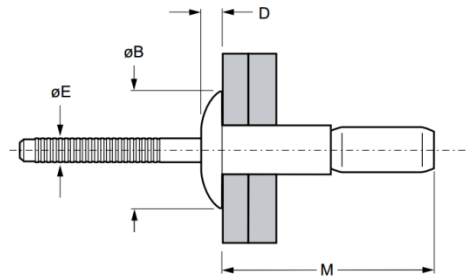

Dome head · Steel body · Steel stem · Multi-grip
4.8 mm (3/16") - 10.0 mm (3/8")

Features

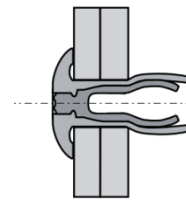

- Multi-grip structural breakstem fastener
- Excellent hole fill via radially expanded body provides greater joint integrity, added water resistance and compensates for irregular, oversized, slotted or misaligned holes
- Can stop sheet movement in non-standard holes
- Good sheet take-up performance for large gap closing capability
- Stem mechanically locked into body avoids damage, electrical problems or rattling caused by loose stems
- High shear and tensile strength

Material

- Body: Steel, zinc plated
- Stem: Steel, zinc plated, clear trivalent chromated
