

## GWST-MGBS Multi Grip Splined Blind Rivet Nut Stud

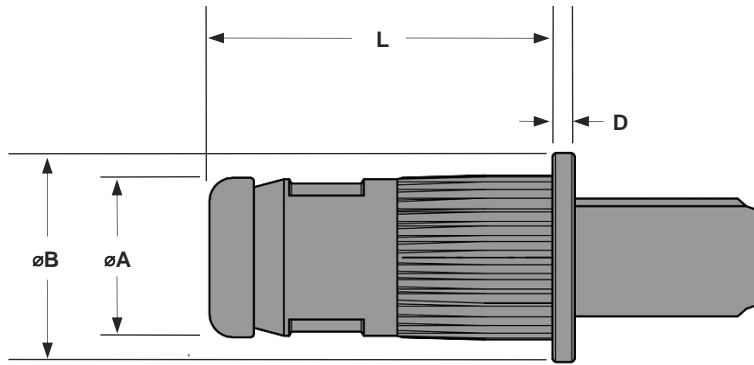

Steel · Large flange · Splined · Multi-grip  
M6 - M8

### Features

- Blind rivet nut studs offer a technical as well as cost effective alternative to weld studs
- Dual function - joins material and provides additional fastening point via the threaded stud
- Multi-grip capability accommodates wide variations in material thickness
- Knurling for increased anti-twist protection
- High load bearing capacity of thread
- No damage to painted surfaces
- Suitable for repairing welding studs

### Material

- Steel, galvanised

Part No.	Thread Size	Grip Range		Hole Size ±0.1	øA	øB	D	L	Thread Protrusion min.
		min.	max.
