

39102 Euro Hexsert

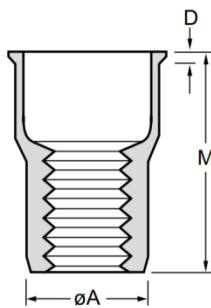

Stainless steel · Low profile · Hexagonal · Open end
M6

Features

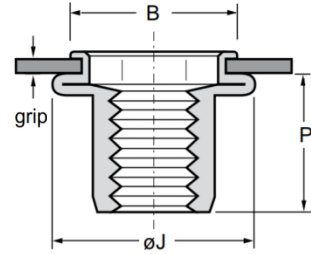

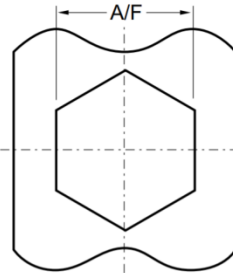

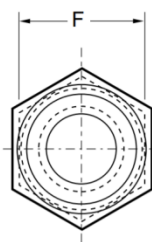

- Hexagonal section and bore improves torque-to-turn in components via form lock when compared to round and splined inserts
- Superior pull-out performance
- Double diameter body and lead-in chamfer provide easy insertion into hole
- Low profile head allows near flush fit to application

Material

- Stainless steel, natural
(BS 111 394S17, Werkstoff 1.4567)
