

G3660 Push-to-Open Full Extension Slide

Max load 20kg · Push-to-open · Detachable · Bumper

Features

- Full extension (3 members)
- Push-to-open mechanism, no handle or knobs required for a sleek, modern look
- Drawer is easily opened by slightly pushing the front plate
- New mechanism PPD (pull protection device) minimises damage to slide
- Patented new mechanism PAE (push area expander, see ※1 below) may reduce swing during close, and the drawer can be opened even though the push position of front board (push area, see ※2 below) is slightly staggered with the centre
- Drawer / compartment is detachable by lifting the lever
- Passed 50,000 life cycle test

Parts Included

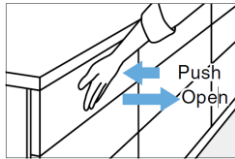

- Truss head tapping screw 4x12
- Hex key

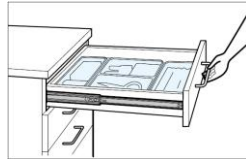

Notes

- Do not apply strong shock. Otherwise, the drawer may be opened unexpectedly
- PPD is not for routine use
- Operate the push-to-open mechanism by pushing the centre part of the front plate. To widen the push area, adjust the gap with PAE
- PAE has no effect if the gap between drawer and cabinet is beyond the range ※3 shown below. Gap between drawer and cabinet beyond range ※3 shown below may cause unexpected damage to the slide

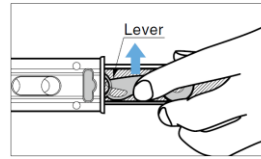

Self and Soft Closing

Full Extension (3 Members)

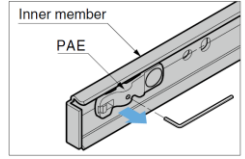

Easy to Detach

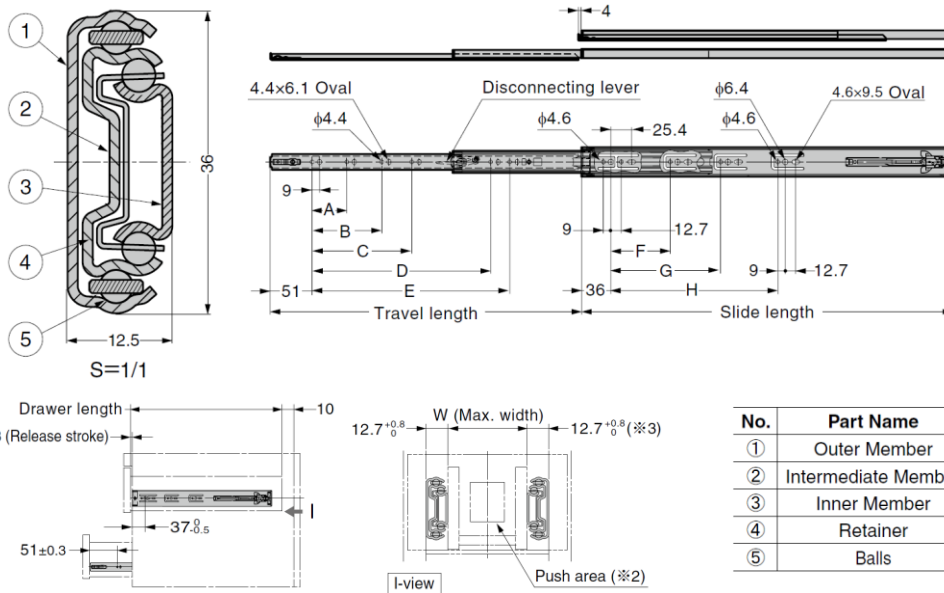

Simultaneously move the left lever upwards and the right lever downwards.

PAE ※1

Turning the hex key (included) clockwise will cause the PAE to bulge in the direction of the arrow, which may reduce rattling when closed and expand the push-to-open area.

Sold in pairs
