

7536 Speed Fastener Tool

Hydropneumatic

Avdel's 7536 hydro-pneumatic hand tool is a lightweight tool with a separate intensifier. The 7536 rivet tool is designed to place the \varnothing 1.6 mm (1/16") Avlug® Speed Fastening® rivets.

It is consistent and reliable to maximise productive time. With a long reach barrel this tool is ideal for hard to reach applications.

Features

- Lightweight tool with separate intensifier
- Control box and air cursor for use of small diameter fastenings
- Uses the same placing equipment and common parts of the 7530 tool
- Long reach barrel
- Can be suspended from a balancer (optional)
- Reliable placing of small diameter fasteners
- High placement speed
- Reduced operator fatigue
- Optimised ergonomic performance for improved productivity
- Ease of maintenance
- Productive time is maximised
- Consistent actuation and hence joint formation
- Can be used in many difficult access applications

Placing Capability

Avdel Avlug® speed fastener 1.6mm
