

GM-DSBB Deluxe Slam Barrel Bolt

Features

- Clean and elegant appearance with snap-on SS316 cover to conceal installation fasteners
- Angled barrel design mimics slam latches for worry free closing
- Slide knob can be locked in position to keep latch opened
- Stainless steel slide works smoothly on nylon body
- Spring-loaded slide ensures constant engagement and no rattle
- Optional strikes available for various door configurations

Material

- Stainless steel 316 & nylon

Notes

- Uses screw sizes #8 or M4
